

INTERNATIONAL CHAPTER CONFERENCE

SMALL PEOPLE - BIG SYSTEMS
How can you be the change?

WELCOME

We are more than excited to be able to welcome you to the beautiful city of Graz! In this guide, you will find everything you need to make your stay as smooth as possible.

You will find information about the COVID rules in Austria and during the Event, as well as general tips for Graz. From sightseeing to cafés and lunch spots.

During your stay, the communication with the ICC-Team will move to Discord. Nonetheless, you can find emergency numbers and contacts in case anything goes wrong.

We are looking forwards to spending four engaging days with you!

Love,

The ICC-Team oikos Graz

Getting around

To come to Graz you are responsible to book your travel yourself and unfortunately, we will not be able to reimburse you.

In this guide, you can find a few helpful sites and tips that should help you get around. If you still have any questions feel free to reach out!

To use public transportation in Graz you need a ticket. You can either buy an hour or day ticket for zone 101 (Graz city) at most stations and on tramways. You can also download the app where you can search for public transport (Bus Bahn Bim) options and buy tickets (Graz Mobil) as well on Google Store | Apple Store.

Couchsurfing

If you are staying on a couch, you should have been provided with the contacts of your host (if you did not please contact us as soon as possible). Your host can provide you with information on the location of your accommodation and how to get there.

In case you need assistance figuring out how to get to your accommodation or anything else regarding this do not hesitate to reach out to us!

Getting to the location

All of our locations are easily accessible by public transport. The best course of action is to plan your travel with the Bus Bahn Bim app.

in Austria

To enter Austria you need either proof of vaccination or recovery or a negative COVID test. The vaccination can be a max. of 270 days ago. The proof of recovery can be a max. of 180 days ago. For the negative test, you can do a PCR test, which is valid for 72 hours, or an official antigen test (no self-tests) that is valid for 24 hours. You can find all the detailed information here: https://www.oesterreich.gv.at/en/themen/coronavirus_in_oesterreich/pre-travel-clearance.html

FFP2 Masks are mandatory in all supermarkets and public transport.

In Bars and Clubs, they can choose between FFP2 masks or what we call "3G" proof (vaccinated/recovered or tested). They usually ask for the 3G proof, but don't worry, there are many testing facilities in Graz in case you need it.

Conference

As this conference is held in the rooms of the University of Graz we have to adhere to their COVID rules. This means that in rooms it is mandatory to wear an FFP2 mask.

Furthermore, you have to provide proof that you have been **either vaccinated OR recovered, OR provide a negative PCR test that isn't older than 72h.**

You can book a PCR-Test here: <https://www.test-strasse.at/flughafen-graz>. Unfortunately, this is not free of charge.

As these rules change, it could be that they are more relaxed at the time of the conference - you will be updated!

About Graz

Graz is the second biggest city in Austria and is said to have Mediterranean flair. With nearly 300.000 inhabitants and many of them being students there are many things to do and explore. It is a city that has a lot of history and culture if you know where to look – and for that, we are always more than happy to be your guide. A sneak peek into some of the sights Graz has to offer:

Altstadt

One of the most beautiful things about Graz is the historic city center. Filled with countless cafés, restaurants, and bars you can easily spend an afternoon just strolling around if you find the time.

Schlossberg

From the Altstadt, the hill that Graz is built around is easily reachable. Up there you can get a closer look at the city's landmark – the clocktower – but also have a nice view of the red roofs of the historic city center. There is also the possibility to take a tram up, which costs 2,50€ as well as the longest indoor slide down, which costs 5€.

Lend

On the other side of the river is the district Lend, with two modern architectural landmarks, the Kunsthaus and the Murinsel. Furthermore, it offers many independent shops, and bars and is generally a hip and upcoming neighborhood that is fun to explore. A special recommendation is to have a Spritzer (white wine with soda) on the Lendplatz itself to hopefully enjoy some sun rays.

Museums

Graz also offers several interesting museums. The previously mentioned landmark "Kunsthaus" offers to change modern art exhibitions. There is also the Graz Museum, with exhibitions on Graz itself, the Neue Galerie, which is an art museum, the CoSA, which is an interactive science museum and lastly, the history museum, where there is currently an exhibition on film and cinema in Styria (with English explanations).

One special museum is Schloss Eggenberg, which is in a beautiful castle surrounded by a gorgeous park. It is reachable by tram and then can be explored by foot.

Parks

Locals love to meet in parks and have drinks on the grass with music and chat with their friends. The biggest park in Graz is the Stadtpark, which is located in the historic center. Adjacent to that you can find the Burggarten, which is a smaller, less crowded park. Another popular park is the Augarten, with the Augartenbucht. Lastly, there are some smaller parks such as the Volksgarten in the Lend which are also definitely worth checking out.

Outskirts

If you find yourself sticking around longer, the area around Graz also has some sights to offer. Just a 30-minute bus ride away is the Thalersee, which offers beautiful scenery, but also the Arnold Schwarzenegger lake walk. Arnie himself got engaged on this lake and grew up in that village. Not far from there and only a 50-minute hike from the respective bus stop is "Burgruine Gösting", which offers great views and an interesting ruin to explore. A bit closer but just as beautiful regarding nature is Hilmteich, which is a small lake surrounded by forest. If you are into hiking, you should check out Schöckl, Plabutsch, or Platte for some nice routes. Please feel free to reach out if you are interested in going there - we are more than happy to offer guidance on how to get there!

Communication during the conference will take place (almost) exclusively on Discord. Especially the scavenger hunt will only work if you keep an eye on this platform. Therefore it is very important that you join, otherwise you might miss important information. You can do so by clicking [here](#). (Probably the best choice is to download the app). If you haven't used Discord before, here is the basic info you need:

If you swipe to the right you can find different categories (like scavenger hunt day 2 or friend zone). Within those categories, there are text channels (by clicking on them you will see a chat interface that allows you to text to all the others) and voice channels, in which you can (video)chat. Please try to find the appropriate channel for your questions - this ensures that you quickly get a useful response. If you click and hold on to a channel, you can adjust the notification settings as you wish.

If you swipe to the left you find a list of all the people on this server and their roles. By clicking on a profile, you can message/call a person directly.

Last but not least, if you struggle with Discord, head to the discord-issues channel where we are going to provide guidance.

PROGRAM

You can find all the information regarding the program in the ICC program booklet!

We are looking forward to seeing you in Graz! As you can see - the sun always shines on oikos Graz :)
